**DESIGN INSPIRATION:**

Coco is a modern love letter to couture textiles, celebrating texture as both structure and ornament. Inspired by the woven tweeds and richly layered bouclés of Parisian couture houses, this design abstracts traditional weaving into a tapestry of fractured color and painterly movement. Overlapping threads and vibrant flecks create remarkable depth, feeling simultaneously architectural and artisanal.

Ideal for boutique hotels, luxury residences, and hospitality interiors, it functions as a visual neutral that remains rich in complexity. It pairs beautifully with minimalist detailing.
